# RYDALE WINDOWS

(Manufacturing) Ltd

## Celebrating over 30 successful years in business

At Rydale our focus has always been on offering high quality products backed by market leading customer service.

No other local company has the experience of our well established team. As a manufacturer of windows and doors rather than simply an installer we can control the whole process from sales through to installation.

We're so confident in the quality of our products that we guarantee that nobody can break-in through our windows or doors\*.

Why not visit our showroom, conveniently located just off Long Lane in Halesowen, where you'll be able to view our extensive range of windows, doors and conservatories. In addition you can also view our manufacturing facility and find out what sets us apart from our competitors.

Buying a house full of new windows or a conservatory is a big commitment so we believe it's important you spend time looking at the various options and discussing them with our experienced sales consultants. We don't ask for a deposit or stage payments, you only pay when you're completely satisfied with the results.

*\* For full details  
see page 23*

# Service

At Rydale we understand that our reputation rests in your hands. Only by offering the highest levels of service at each stage can we be assured of maintaining our unequalled local reputation for customer service.

We employ our own sales consultants and fitting teams which means we know they have the skills, experience and commitment to our customers that we expect. You'll be kept fully informed at every stage of the process and remember we won't ask for a penny in payment until you've told us you're completely satisfied with our work.

## The recommended company

Take a look at the examples of some of the many thank you notes we receive from our satisfied customers shown throughout this brochure. These are all examples of the hundreds of genuine letters that we receive every year.

We understand that replacing your windows or installing a conservatory is a major investment that can't be entered into lightly. By choosing Rydale Windows you can have confidence knowing that you're choosing a company recommended by hundreds of local homeowners who've already experienced our market leading levels of service.

# Save money by fitting energy rated windows

- At Rydale we fit A rated windows as standard
- Fitting A rated windows can save over £250 off your heating bill in the first year alone
- Fitting A rated windows to your home is one of most effective ways to save energy and reduce CO<sub>2</sub> emissions
- A rated windows reduce heat loss by more than 20%
- Modern energy rated windows not only reflect heat back into your home but will also retain heat from solar gain
- Non energy rated windows waste energy equating to 0.7 tonnes of CO<sub>2</sub> per year

Certification mark

# Recycling PVC-U windows with Rydale

Did you know your old PVC-U windows are 100% recyclable?

Currently too many window companies send old windows direct to land fill. Rydale work in partnership with a Midlands-based recycling company who recycle your old PVC-U windows into new PVC-U products.

Using cutting edge technology the waste PVC-U is cleaned and reprocessed into material which can be used to create a new generation of long life PVC-U products.

PVC-U products have an expected useful life of 35 years and can be recycled up to 10 times, giving a total useful life of 350 years, making PVC-U a truly sustainable building material.

Your old PVC-U windows are collected

# Windows with style...

You would be right to assume that every Rydale window is made exactly to order, but do you realise how much choice and versatility windows can offer? With a complete range of sizes, shapes, finishes and glass designs the options are endless.

We provide a made to measure service so if you need advice on getting the right windows for your home, ask us. Here are just a few of the styles and design options available.

“

*...this is the second occasion I've used Rydale Windows, the first being in June when you carried out a bow conversion in our home.*

*I would like to take this opportunity to congratulate you on the high standard of work and professionalism we have experienced with your company, from the initial sales contact through to the surveys, installations and after-sales service.*

*I would have no hesitation in recommending Rydale Windows to any family, friends or work colleagues.*

*PJ Heathcock, Kingswinford (August 2008)*

”

## DUMMY SASH

The use of a dummy sash means this window retains a symmetrical appearance despite the middle window being fixed.

## FRENCH CASEMENT

French casement windows offer symmetrical sightlines and versatility.

## GLASS OPTIONS

Glass options create a focal point for your windows.

## DORMERS

Dormers give attic rooms and loft conversions light and extra space.

## ASTRAGAL BAR

Astragal bars give an authentic Georgian bar effect to your window.

## CURVED FRAMES

A wide variety of shaped frames can be created including circular or gothic style frames.

## BAY

Bay windows provide extra space for the interior and create a feature.

## TOP HUNG

Make a change from casement windows with windows hinged at the top.

# Doors with elegance..

From the most decorative to the simplest designs we provide a complete range of entrance doors that you can adapt to suit your individual needs. Our doors are available in a choice of wood effect and foiled finishes to match your windows to give a stylish and co-ordinated finish.

“

*...we would like to thank you for the work carried out on 27th & 28th Jan, it's superb!*

*The lads Steve and Nick did a wonderful job, we're thrilled to bits. Also my mum was delighted with the bay windows you did for her the same week, same lads, great job!*

*J Sabin, Sutton Coldfield (January 2011)*

”

You can specify a solid, part glazed or even fully glazed door and then personalise it with our many optional features. These include a wide choice of designs, from simple Georgian Bar or classic lead to decorative coloured and beveled glass. We can also design side panels to complement your door - so you will have a grand entrance that will leave a lasting impression. All our doors feature multi-point locks and require minimal maintenance.

# French & Patio Doors

French and Patio doors will really open up your home, bathing it with air and light! They let more of the great outdoors in but when closed they offer maximum security to keep you safe and secure.

## French Doors

With French doors you can make the most of your space and maximise the opening to the outside. Our patio doors are available in our full range of finishes with the additional options of side panels and patterned glass to provide a stunning new look to any home.

## Patio Doors

Our sliding patio door incorporates the latest technology to provide you with a secure, durable, easy glide, easy access entrance. The choice of finishes, combined with the option of two, three or four pane doors, enables you to tailor your finish to suit any size and style of property. Patio doors are a flexible solution as they can be used as either a room divider, a porch entrance or to access a conservatory.

# Open up to the great outdoors

A bi-folding door can open up possibilities in any home. Sliding patio doors always leave you with a fixed panel but a bi-folding door maximises the flow of light and fresh air into your room. The Rydale bi-folding doors is available in a wide range of door configurations, colours and finishes so there's a bi-folding door to suit every home.

## Bi-folding options

Bi-folding doors used to be a by-word for heavy, cumbersome doors that leaked and offered poor levels of security. That's now changed and the Rydale bi-folding door provides high levels of security and thermal performance as well as being simple and effortless to operate.

Our bi-folding door has elegant slim profiles and discreet hinges which make it one of the best looking PVC-U solutions on the market.

The integral aluminium running track allows you to specify a low fitting threshold if necessary. With planned survey and installation, this avoids the need for a step on either side and further increases the feeling that your indoor and outdoor space is one.

A wide range of door configurations can be accommodated with our flexible system, all of which can open in or out.

## Bi-folding options

## Your options

With such a wide variety of options available it can be confusing to know where to start:

- First step is to consider the space you have to fill, that will dictate how many panels your bi-folding door will incorporate
- Now you need to decide on your preferred door configuration. Options include opening in or out, sliding to the left or right or a combination of both and whether you require a single leaf to open independently for quick access.
- Decide what sort of threshold you prefer, a low threshold will be particularly useful to the elderly or families with young children
- Your final decision is what colour option you prefer, we offer a wide range of wood and coloured foil finishes to match with your existing windows as well as offering a choice of hardware finishes

# Conservatories that open up your home...

Add a conservatory and you add value to your home.

Conservatories have a dramatic effect on your home and quality of life. Not only will a conservatory provide you with more space and flexibility it will also add value to your property.

There are a wide range of styles to choose from all of which are shown in our spacious showroom. It's so much easier to imagine your new conservatory when you can see all of the options available.

“

*...we're absolutely delighted with our new conservatory.*

*The whole process has been entirely problem free and the finished product is even better than we had hoped for. The fitters were extremely pleasant, very tidy and could not have been more helpful.*

*We have no hesitation in recommending you to any other prospective customers.*

*J S Childs, Dudley (July 2002)*

”

## Maximise your room

A conservatory doesn't have to be a nondescript extra room filled with a mix of old furniture.

It can be whatever you want it to be. Make use of all that extra space by making it a room that can be used 365 days a year.

## EDWARDIAN

Edwardian conservatories provide classic style and maximum space.

## LEAN TO

Provides maximum space at a relatively low cost.

## VICTORIAN

This style provide an elegant and traditional finish to any property.

## COMBINATION

Create a unique conservatory by combining any of our designs.

# Orangeries & Sun Rooms

For something truly special, why not choose an orangery or a sun room? Today's advanced technology means modern orangeries and sun rooms blend perfectly into existing architecture, while conserving heat and reducing energy consumption.

## Orangeries

Without the complexity of an extension, orangeries provide all the benefits, with brickwork tailored to your home's style and the interior height creating a feeling of grandeur, with maximum space to enjoy.

Add to that the fact that your new room can come in any size, finish, style, shape or colour you like and there's every reason to consider improving your home.

## Sun Rooms

With their rectangular format, sun rooms are space-efficient, whether you opt for a modest, low-cost extension or a large space that stretches the length of your home. Due to the roof design, they have great thermal properties and are perfect all-year-round for playrooms, games rooms, studies or offices. You can choose from our full range of frame styles, glazing and decorative features.

# Fascias, Soffits & Guttering

Roofline products are equally as important as your windows and doors in protecting your home from weather damage and it can be a worthwhile investment that saves you endless time and money on repairs and repainting. Our roofline products are designed for lasting quality and are available in a range of colours to complement your home.

## Fascias

Our low-maintenance fascia boards add superb weather-protection and can be supplied in a colour to complement your windows and doors.

## Soffits

Usually the most visible roofline product, soffits keep the under-surface of your roofline looking neat and tidy as well as allowing essential ventilation into the roof area.

## Guttering

Responsible for collecting gallons of rainwater from your roof, our high-quality guttering will protect your property from water damage for years to come.

# Adding colour to your home

PVC-U windows have come a long way since they were introduced to the UK over 30 years ago.

Not only will your new modern energy efficient windows save you time and money but with our Options range of stylish finishes they can now greatly enhance the appearance of your home.

## Options

The Options range includes 12 finishes all designed to meet the needs of modern design conscious home owners. From subtle whites and creams through to bold greys and warm wood effects our range is sure to include something to enhance any home. Choosing a foiled PVC-U window means you can achieve the beautiful finish of a painted or varnished wooden window but without the hassle.

The full range of Options finishes are guaranteed not to crack, peel or fade and they maintain their authentic looks with virtually no maintenance. You can even choose an Options finish on the outside with white on the inside to provide a neutral base for your interiors.

# Guarantee and security

## Guarantee

We offer a 10 year insurance backed guarantee on installations so you can be confident that in the unlikely event of something going wrong with your windows, doors or conservatory you'll be fully covered.

## Maintenance

PVC-U windows are low maintenance products but they're not maintenance free. Upon installation you'll be provided with a maintenance leaflet detailing the simple tasks required to keep your windows, door or conservatory in prime condition.

A large, vertical image on the left side of the page shows a person wearing a dark balaclava, looking through a window. The person's face is partially visible through the mesh of the balaclava. The window has a gold-colored handle.

## Security

At Rydale we take security very seriously.

All our doors and windows are fitted with high security multi point locks.

Our multi point window locks exceed the requirements of the British Standard BS7950 and high security door lock has been tested to achieve the performance requirements of PAS23 and PAS 24 as well as meeting the Police-approved Secured by Design specification.

## Security Guarantee

We're so confident in the quality of our products and the experience of our fitting teams that we offer a guarantee that should your home be broken into through one of our windows or doors then we will replace that product free of charge.\*

\*This guarantee covers the products where access has been gained and not products damaged during an attempted break in.
